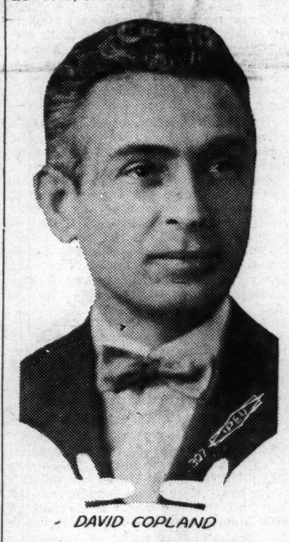
COPLAND STORM CENTER IN LEGISLATIVE FIGHT

The battle for ballots in the coming August primaries seems to be waxing warmer as days go on. Outside of the Day-Harris fight for the prosecutorship, the greatest interest is being displayed in the fight for nomination to the State Senate. In former years, no great amount of interest has been aroused in the legislative ticket. The Citizens Committee, a group of influential bankers and business men affiliated with the Chamber of Commerce, has always selected the candidates it desired nominated and Mr. Maschke, the Republican chief, has endorsed them. This slate always won the nomination at the primaries. This year, however, there is much consternation



DAVID COPLAND

in the camps of the Citizens Committee—and all because of the candidacy of David Copland for State Senator. It is conceded that the Citizens Committee never could have put over their slate, despite the tremendous sums of money spent by them on behalf of their favored candidates, without the help of the Republican organization. This year, however, things are different. A cloud appears upon the horizon—and that cloud is in the personage of David Copland. Side-tracked by the Citizens Committee, his friends took up the battle and today, he is without a doubt the most formidable candidate for the State Senate. He is perhaps one of the most interesting characters among the candidates for this office. Smiling, affable, and modest, yet when aroused, a two-fisted fighter, loyal to his friends and his party, he has endeared himself to the hearts of thousands. The rank and file of the Republican organization, including all of the ward leaders know him well and intimately. It is doubtful if even such a strongly financed group as the Citizens Committee can tear Copland out of the hearts of the organization. Here is a political triangle—and in the meantime Copland and his friends are fighting on, with victory as their goal. If they succeed—and at this time, **it looks very much as if they will,** the Citizens Committee slate will be broken for the first time, and out of it, should emerge one of the greatest political factors in Cuyahoga County in many a year—David Copland.

The Truth.

Blue Ridge, N. C.—"Senator Cole Blease's recent public defense of lynching illustrates the fact that the anti-Negro ravings of political demagagues have done more than anything else to discredit the South abroad and disturb its peace and tranquility at home," asserted R. B. Eleazer of Atlanta, educational director of the Interracial Commission, in an address, July 10, before the local Y. W. C. A. Community Conference.

KU KLUX KLAN FIRE THEIR HOME

Tenants Threatened—Firemen Find Oil on Porch—Racial Prejudice At The Bottom of It—Five-Gallon Can of Gasoline Used, Too.

Prior to starting the fire under a porch of a double house at 9717 Anderson Ave., S. E., the night of July 9, hand-bills were distributed in the neighborhood on which was printed:

"Folks, the newly arrived n——s on Anderson Ave. will be taken care of. There are others who sells and rents to n——s, do your share; Let's keep it up"'

Mr. and Mrs. Henry Lewis, members of the race, purchased and

Atty. Roger N. Dillard.

moved into the home the week previous. When Deputy Fire Warden Patrick T. Ferrie investigated, he found that kerosene oil had been poured on the front porch of the house and fired while Mr. Lewis and his family slept, the night of July 9. He also discovered a five-gallon can of gasoline that had been used in starting the blaze. A passer-by saw the fire, early in the morning of July 10, and sounded an alarm. But for that, the house would have been destroyed and in all probability the Lewis family and other tenants, too. Another Afro-American family occupies the other half of the house. They and the Lewis family are the only members of the race resident in Anderson Ave.

Ferrie, one of the oldest and possibly the best fire-investigator in the city, and a long-time friend of the editor of **The Gazette,** said after his investigation that he "would ascertain who was responsible for the hand-bills if he had to call every resident of the street before the grand jury. We caught the blaze in time, but that doesn't make the offense any the less serious. This is the third case of the kind in 'Newburg'. I think a gang is doing this business and getting paid for it, and we will find them yet. The damage amounted to $500, but the fire completely ruined the front exterior of the house which was valued at $12,000." Invoke the assistance of Assistant Police Prosecutor Roger N. Dillard, too, Friend Ferrie!

This Anderson Ave. K. K. K. flare-up is but one of a series, in recent years. First, came the bombing of Dr. Chas. Garvin's new home in Wade Park Ave., which failed to drive him off the street. Then came the damaging of Dr. Edward A. Bailey's property in Shaker Heights. This was successful. Following it, in recent weeks, came the stoning of the home of Miss Blanche Johnson, one of our local public school teachers who still resides at 3494 Tullamore Rd., University Heights, and whose home is being protected nightly by the glare of flood-lights after police had guarded the property for three weeks. The damage to her property, which was slight, consisted mainly in broken windows.

If "The Blossom Triplets" were "worth a dime", the Johnson and Lewis affairs and the trouble at the beaches and pools of this city **would be stopped pronto.**

PLANE WITH BIRD-LIKE WING,

The Work of a Member of the Race, Soon to Be Placed on the Market.

Los Angeles, Cal.—J. H. Montgomery of this city, an Afro-American engineer, a graduate of the Colorado School of Mines, has invented a plane of that sort which a company of wealthy whites has been organized to promote. Ben S. Hunter, former vice-president and general manager of Lockheed Aircraft Corporation, heads the new company as president. A practical model of the all-metal plane, weighing sixteen and one-half pounds with a wing-spread of sixty inches, has been tried out and found wonderfully successful tho shooting forward into a 30-mile wind created by propellors.

AND CARRIED THEM IN A FREIGHT SHIP!

ENOUGH TO MAKE THEIR SONS' BODIES TURN OVER IN THEIR GRAVES.

Futile Efforts to Deny or Explain the Shameful Segregation—Hoover's Oklahoma Secretary of War and Another High Government Official Issue Statements.

(Special to **The Gazette**)

New York City.—Sixty of our gold star mothers sailed from this city, July 12, on the S. S. American Merchant to visit the graves of their sons in France who were killed there during the World War in that memorable effort to "keep the world safe for democracy." The reception, tendered these gold star mothers at the city hall, is said to be "the first reception given any of the mothers since the one for the first contingent." The Hon. Patrick Hurley of Oklahoma, secretary of war, on July 11 "issued an emphatic statement (at Washington, D. C.) defending the war department against race segregation charges in this connection.". It is the **Bunk!** "A high official source," at Washington, D. D., is responsible, it is said, for the statement "that the Holland America line, North German Lloyd, Cunard line, Anchor line, International Merchantile Marine Co., and French line, all have found themselves unable to accommodate the Negro gold star mothers sailing from New York, July 12." **More bunk!** The foregoing was followed by a statement, which was only **some more bunk,** to the effect that "the disinclination of these lines to provide accommodations for Negro women was advanced in official quarters as **one** reason why the government arranged to transport the Negro mothers on **a combination freight and passenger ship** of the American Merchant lines." This statement is only **adding injury to gross insult** because there isn't a scintilla of truth in the statement that all of the aforementioned lines, or any one of them was disinclined or "found themselves unable to accommodate the Negro gold star mothers sailing for France on July 12." The claim that the refusal of **fifty-five** of our **self and race-respecting** gold star mothers to be grossly insulted and injured by being "jim-crowed" enroute to France by officials of the War Department of this government caused the number going to be so small that the first arrangements made to carry "fifteen hundred Negro mothers on the U. S. lines' ship, Republic, were abandoned and accommodations for those who finally decided to go made on the smaller ship owned by the American company" is only **more bunk.** If the foregoing does not make President Herbert Hoover hang his head in shame for his Oklahoma Republican secretary of war, Pat Hurley, and that miserable U. S. citidal of prejudice known as the War Department, there is nothing, **absolutely nothing** that will. In addition to being segregated and slurred with the stigma of race inferiority, sixty of our gold star mothers were sent across on a boat that is **smaller, slower** and **cheaper** than any of those on which the white gold star mothers sailed. Whereas the government is paying **$175** for round trip passage for every **white** mother who has gone over, it is paying only **$100** each for round trip passage for our mothers, it has been revealed by officials of the U. S. Lines. In addition, the **white** mothers were given first-class accommodations **all the way. The finest hotels and the** best of everything were placed at their disposal by the government. Our mothers were housed here, while waiting for the boat, in the Harlem Y. W. C. A., in cheap boarding houses and private homes. The legislation by the Congress, which allows war-mothers to visit the graves of their sons in France at the expense of the government, provides for government-owned vessels for transportation and proper military escort. The War Department was ordered to make the actual plans for the excursions. It figured $840 for the expenses of each woman. This was to furnish **first-class** accommodations **both ways.** The finest hotels, with an allowance of $9.50 a day, were included in this reckoning, as well as first-class transportation on boats and trains. But the War Department decided to segregate our mothers, and in spite of protests from our gold star mothers, **many prominent** individuals and various organizations of both races, the department refused to change its grossly insulting plans for segregation.

MAJESTIC HOTEL RAIDED, 14 HELD

Fourteen men and women were held for investigation, Wednesday, following a raid by detectives on rooms in the Majestic Hotel, Central Ave. and E. 55th St., "stronghold" of Councilman Leroy Bundy. At 4:30 a. m. raiding squads under Capt. Emmett Potts, Lieut. Frank Story and Sergeants Frank Perrell and Emil Smetana of the detective bureau descended on the hotel suddenly, and herded officials, telephone operator, elevator boys and others in a side room. They took seven couples out of rooms for investigation on vice charges and lodged them in jail. The raid was part of a sudden drive in which sixty men and women were arrested in East Side precincts as part of the cleanup after the Porello-Tilocco murders. Three men were also arrested at an alleged bank clearance lottery house at 3618 Woodland Ave.

The Majestic is the residence of Councilman Bundy of the "Roaring Third" who boldly defied the Republican organization, Tuesday night, at a rally of the 17th Ward Republican club at which he emphasized repeatedly his support of Arthur H. Day for the Republican nomination for county prosecutor. Bundy's declaration was made in the presence of A. J. Hirstius, Mrs. Mary L. Forrest and Alex Bernstein, three of the leaders of the Republican organization. And "the ax fell", **early** Wednesday **morning.** Payne, now vainly trying to build a political organization to aid him in his fight against the Flemings to win leadership in the 11th Ward, is reported to be backing Day (with Bundy). **GOOD BY, Day! That** settles your candidacy as far as the Afro-American voters of this, Cuyahoga County are concerned.

SAVE $5000 IN JUNE.

The City Service Director Reports Greater Efficiency Under New Head of The Garbage Plant.

Here is some **mighty good** news for our people of Cleveland! It's the kind to please **everybody** and encourage the appointment of competent members of the race to public positions and jobs. Under the direction of Seth Nickens, new garbage collection superintendent, this division saved nearly $5000 during the last **two weeks** of June, Service Director Rees H. Davis announces. The saving(according to **Davis,** is in comparison with the last two weeks of June, 1929, when Abe Crutch was division superintendent. Abe was recently induced to resign and was temporarily "placed" in the streets division. Davis figures a saving of $1710 for the last two weeks on the decreased amount of excess garbage disposed of by the Stadler Products Co. at $1.50 a ton. Davis also credits the division with a saving of $2992 on payroll expense. Keep it up, Seth!

To Succeed Parham.

West Point, N. Y.—Denton J. Brooks, Jr., of Chicago, appointee of Congressman Oscar DePriest for entrance to the U. S. Military Academy here, has arrived for his physical examination. He succeeds Alonzo S. Parham, who was dropped from the academy, last winter, for deficiency in mathematics. Brooks prepared for West Point M. A. at Lewis Institute and Crane College, winning sufficient credits to permit him to enroll without an academic test. He is 5 feet 5 inches tall and weighs 133 pounds.

SATURDAY, JULY 19, 1930.

W. D. Williams, 7317 Cedar Ave., informs The Gazette that two of his friends were at Gordon Park beach, last Saturday, and used the east end of the beach where a life-guard told him, the Sunday before, whites were to be segregated. His "Afro" friends, referred to, were undisturbed and unmolested while bathing.

Atty. Chester K. Gillespie has sent a strong letter of protest to President Malcolm B. Vilas of the Citizen's League against its secretary's pernicious and insulting practice of designating our candidates for office by using the word "colored" or "Negro" (in parenthesis) after their names in the league's "Bulletin" and in publications in local daily newspapers. This is not done to any other group or class or nationality in this community. Attorney Gillespie sent another letter-protest to A. C. Kneble, general secretary of the Y. M. C. A., relative to the organization's alleged discrimination against Talbert White who claims to be a member of the "Y". Gillespie quoted our Ohio Civil Rights law in his letter to Secretary Kneble. Both protests would have been far more effective if he had called on Messrs. Vilas and Kneble.

KELLY, A W. F. N.?

The wish is widely expressed that our only Congressman might be more cautious and circumspect. It is asserted that he would make better headway with his fellow members if he would fall into line with what they expect of him. They would have him exchange his bluntness for urbanity and his sauciness for suavity. But that would not be DePriest. The role which he plays is natural to the man. A different man would play a different role.—Prof. Kelly Miller of Howard University, Washington, D. C.

"More cautious and circumspect; make better headway if he would fall into line with what they expect of him."

That's the argument of the "jim-crow Negro", (W. F. N.) white folks' "Negro" generally referred to as an "Uncle Tom". DePriest's fellow-members of the Congress "would have him exchange his bluntness for urbanity, and his sauciness for suavity." This latter really is a laughless joke. To accept and act on these suggestions certainly "would not be DePriest, or any other red-blooded, self-and race-respecting "Negro" or Afro-American. The role which DePriest and they play is "natural" to a man! Yes, a "jim-crow Negro", or "Uncle Tom" would play a different role.

FINED ONLY FIVE DOLLARS.

When Barney Gallwaicz, the 18-year-old youth (white) whose case was continued from last week to this week, was arraigned in municipal court, Tuesday, he pled guilty to assault and battery and was fined only five dollars and costs by Judge Thos. E. Green. Barney it was who assaulted Mrs. Pickell's two daughters, one 14 and the other 9, and came near drowning one or both of them in the water at Gordon Park on July 1, prompted by prejudice against our people using the bathing beach at that point. The mother was compelled to wade into the water up to her arm-pits and beat him over the head with an umbrella to keep him from drowning at least one of her daughters whose head he was holding under the water. And Judge Green fined the scoundrel only five dollars and costs! Our assistant police prosecutor, Roger N. Dillard, who handled the case for the city and Mrs. Pickell, is entitled to much credit for his activity in the matter, altho we do feel that a far more serious charge should have been made against the young brute. Then possibly Judge Green would have been compelled to hand down a stiffer sentence, something the young rascal surely deserved. Roger informs the editor of The Gazette that the phase of the matter made by the policeman and the life-guard, both of whom (city employees) refused to come to Mrs. Pickell's assistance on her request, is being taken up with Director of Public Safety Edwin D. Barry and Director of Parks Samuel E. Newman, respectively. We trust that he will go into the matter thoroly, and we offer freely any assistance that we can give him. While we are on this matter it would not be amiss to suggest to Directors Barry and Newman the wisdom of stationing one of our officers at Gordon and Edgewater beaches and at Woodland Hills pool. This will end all such Ku Klux Klan contention, especially if Patrolman Jones is permitted to alternate, with proper support, at the places named.

AGAIN, GORDON PARK.

Last week Friday afternoon, W. D. Williams of 7317 Cedar Ave. informed The Gazette over the phone that he had had a "little trouble" at the Gordon Park beach, Sunday, where he was informed by one of the life-guards that they had received orders to segregate bathers—that "the east end of the beach was to be reserved for white people and the west end for colored." Of course, the life-guard could not have been telling the truth because such action would be contrary to state law and because our people of this community will stand for no such fool-discrimination in a place owned, controlled and supported by the tax-payers of whom thousands are Afro-Americans. Tell "The Blossom Triplets" (Councilmen George, Payne and Bundy) they had better get busy immediately, and see that that life-guard, and others of his kidney on all the beaches and at all the pools of the city of Cleveland, and any other prejudiced fool making such a silly statement, know that they are flirting dangerously with the loss of their jobs, regardless of how high up in the city administration they may be. Such discrimination is not only illegal but merely and simply dumb-head-damphoolishness.

OUR PEOPLE WANT RESULTS.

A great deal of complaint is being made by a number of our women as a result of what they claim is a lack of proper interest on the part of Mrs. Mary B. Martin, our only member of the school board. Mesdames Ison, Ramsey, Whiting and a Miss Mitchell have all been mistreated by employees of the school board, so they have informed the editor of The Gazette, and have been unable to secure any redress whatever. The three married ladies have been refused places they won in Civil Service examinations, while Miss Mitchell claims to have been dropped from a position she had held for more than six years, no complaints having been made against her work. In each of the cases color or race prejudice was the cause of their mistreatment. They all say that they have been unable either to get Mrs. Martin interested in their cases or to meet with any success in whatever effort was put forth because of a woful lack of aggressiveness and racial interest on the part of Mrs. Martin. We have had knowledge of some of these cases for many weeks, but have refrained from calling attention to them sooner preferring to give Mrs. Martin more time to "learn the ropes" and become familiar with the way to accomplish material results for her people. It is time now that she was doing this! They need her help far more than any other group in the community and they are entitled to more consideration at her hands. This we feel sure she will gladly and willingly give because on it depends any chance she may have for re-election to membership in the Cleveland Board of Education, next year. "Impressive personality and practical talks" will not substitute for practical results for your people, Mrs. Martin. "Proving an asset to the board" is not enough. You must "prove an asset" to your people. Indeed, this is far more important from your political viewpoint than "proving an asset to the board", which does not need you one one-hundredth as much as your people. It is always well to remember, too, that Cleveland is in Ohio, where one must not only "show" (all that is necessary in Missouri), but must "show" and prove!

LEARN TO SWIM!

Here Is Your Opportunity, Young Folk and Older Persons, Too—Commissioner Gourley's Program.

An opportunity for every boy and girl in Cleveland to learn to swim. That is the program of John H. Gourley, city recreation commissioner. Swimming instructors have been assigned to every outdoor municipal swimming pool and definite hours have been set when beginners and advanced boys and girls may go there. The cost at any time will never be more than ten cents, if you bring your own suit and towel. Ten cents is the regular entrance fee but boys and girls are admitted free on Monday, Wednesday and Friday mornings! No teaching is being done either at Edgewater or Gordon beaches, as city officials recommend that it is much more healthful to swim in the pools where the water is purified.

Here are the five pools where boys and girls—and men and women, too—may learn to swim:

Brookside Park, Ted Schultz, captain.

Forest Hills Park, Fred Newman, captain.

Garfield Park, Elmer Babka, captain.

Woodland Hills Park, Clayton Clark, captain.

East 110th St., north of St. Clair Ave., Henry Sarnacki and Abe Newman, instructors.

Hours are the same for all five pools. Here they are:

Beginners, boys: Five days a week, 10 to 11 a. m. Girls, 11 to 12 a. m. Advanced boys, 1 to 2 p. m. Girls, 2 to 3 p. m. Beginners, women, Monday, Wednesday, Friday, 3 to 4 p. m. Men, same days, 4 to 5 p. m. Advanced women, Tuesdays and Thursdays, 3 to 4 p. m. Men, same days, 4 to 5 p. m. Group swimming workouts, Tuesday and Thursday, 5 to 6 p. m. Red Cross Life Saving, Monday and Friday, 5 to 6 p. m. Novelty swimming, Wednesday, 5 to 6 p. m.

Julius Kennedy is general supervisor of swimming and Lieut. Charles G. Eisenhart is supervisor of life-guards and district examiner of the American Red Cross.

Governor Visits "Death Row".

Raleigh, N. C.—Gov. Max Gardner has just commuted the death sentence that for two years has hung over Wilbur McLeod of Lee county, because of doubt of his guilt. He also presented a silver loving-cup to Ophelia Holley, a high school student of Bertie county, as one of the first prizes in a state-wide "Live-at-Home" essay contest.

OHIO'S MOB VIOLENCE ACT

OR ANTI-LYNCHING LAW LEADS THE COUNTRY IN EFFECTIVE LEGISLATION

Against the Mob and Lynch-Murder—Three Years' Work of a Member of the Race—Also His Ohio Civil Rights Law.

Our mob-violence or anti-lynching bill was introduced in the Ohio legislature in 1894 and re-introduced in 1896. It took the Hon. Harry C. Smith, editor of The Gazette, just three years to secure its enactment into law. The Ohio Supreme Court has several times upheld the constitutionality of the law and it has been very effective. Illinois, Pennsylvania and New Jersey have followed Ohio's lead and enacted mob violence or anti-lynching laws which are copies of our Ohio law. Several other northern states and at least one border state (Kentucky) have also enacted anti-lynching laws, in recent years, like Pennsylvania and New Jersey. The Ohio law follows:

MOBS.

Section
6278. "Mob" and "lynching" defined.
6279. "Serious injury" defined.
6280. Damages in case of assault.
6281. Damages in case of lynching.
6282. Damages recoverable by legal representative of victim of lynching
6283. Person suffering death or injury by mob trying to lynch another.
6284. Limitations of action.
6285. Order to include recovery and costs in tax levy.
6286. Guardian's custody, etc., fees.
6287. County's right of action against member of mob.
6288. County's right of action against another county.
6289. Non-relief from prosecution.

Section 6278. A collection of people assembled for an unlawful purpose and intending to do damage or injury to any one, or pretending to exercise correctional power over other persons by violence and without authority of law, shall be deemed a "mob" for the purpose of this chapter. An act of violence by a mob upon the body of any person shall constitute a "lynching" within the meaning of this chapter. (93 v. 161 2.)

Section 6279. The term "serious injury," for the purpose of this chapter, shall include such inquiry as permanently or temporarily disables the person receiving it from earning a livelihood by manual labor. (93 v. 161 3.)

Section 6280. A person taken from officers of justice by a mob, and assaulted with whips, clubs, missiles or in any other manner, may recover, as hereafter provided, a sum not to exceed one thousand dollars as damages from the county in which the assault is made. (93 v. 161 4.)

Section 6281. A person assaulted and lynched by a mob may recover, from the county in which such assault is made a sum not to exceed five hundred dollars; or, if the injury received therefrom is serious, a sum not exceeding one thousand dollars; or, if such injury result in permanent disability, to earn a livelihood by manual labor, a sum not to exceed five thousand dollars. (93 v. 12 5.)

Section 6282. The legal representative of a person dying from injuries received from lynching by a mob, may recover of the county in which such injury occurred, a sum not to exceed five thousand dollars damages for such unlawful killing. Such sum shall be applied to the maintenance of the family and education of the minor children of such person so lynched, if any survive him, until such children are of legal age, and then be distributed to the survivors, share and share alike, the widow receiving an amount equal to a child's share. If there be no widow or minor children surviving such decedent, such sum shall be distributed among the next of kin according to the laws of the distribution of the personality of an intestate. Such sum so recovered shall not be a part of the estate of such person so lynched, nor be subject to any of his liabilities. (93 v. 162 6.)

Section 6283. A person suffering death or injury from a mob attempting to lynch another person shall come within the provisions of this chapter. He or his legal representatives shall have a like right of action as one purposely injured or killed by such a mob. (93 v. 162 6.)

Section 6284. Action for the recoveries provided for in this chapter must be commenced, within two years from the date of such lynching, in any court having original jurisdiction of an action for damages for malicious assault. (93 v. 162 7.)

Section 6285. An order to the commissioners of a county, against which such recovery is had, to include it with the costs of action, in the next succeeding tax levy for such county, shall be a part of the judgment in every such case. (93 v. 162 8.)

Section 6286. If the decedent so lynched has minor children surviving him, the fund shall be turned over to a regularly appointed guardian. Such guardian shall administer such fund under the direction of the probate judge, allowing not more than five hundred dollars for counsel fees in the action for such recovery. (93 v. 162 9.)

Section 6287. The county, in which a lynching occurs, may recover the amount of a judgment and costs against it in favor of the legal representatives of a person killed or seriously injured by a mob from any of the persons composing such mob. A person present, with hostile intent, at such lynching shall be deemed a member of the mob and be liable to such action. (93 v. 162 10.)

Section 6288. If a mob carries a prisoner into another county, or comes from another county to commit violence on a prisoner brought from such county for safekeeping, the county in which the lynching is committed may recover the amount of the judgment and costs from the county from which the mob came, unless there was contributory negligence on the part of officials of such county in failing to protect such prisoner or dispurse such mob. (93 v. 163 11.)

Section 6289. This chapter shall not relieve a person concerned in such lynching from prosecution for homicide or assault for engaging therein. (93 v. 163 12.)

OUR OHIO CIVIL RIGHTS LAW

Upon the request of many readers of The Gazette we print below the text of the Hon. Harry C. Smith's Ohio Civil Rights law which the editor had enacted while a member of the 71st General Assembly, in 1894:

The General Code of Ohio:

Sec. 12940. Whoever, being the proprietor or his employee, keeper or manager of an inn, restaurant, eating house, barber-shop, public conveyance by land or water, theater or other place of public accommodation and amusement, denies to a citizen, except for reasons applicable alike to all citizens and regardless of race or color, the full enjoyment of the accommodations, advantages, facilities or privileges thereof, shall be fined not less than fifty dollars nor more than five hundred dollars, or imprisoned not less than thirty days nor more than ninety days, or both.

Sec. 12941. Whoever violates the next preceding section shall also pay not less than fifty dollars nor more than five hundreds dollars to the person aggrieved thereby to be recovered in any court of competent jurisdiction in the county where such offense was committed.

This law has repeatedly been held constitutional and good law by the Ohio Supreme court. The trouble is our people will not use it as often as they should, but expect it to do for them what they should and must do for themselves, under it, in the courts.

Restless CHILDREN

CHILDREN will fret, and often for no apparent reason. But there's always Castoria! As harmless as the recipe on the wrapper; mild and bland as it tastes. Yet its gentle action will soothe a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant — as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

Here's Instant Relief From Bunion Pains and Soft Corns

Actually Reduces the Swelling—Soft Corns Dry Right Up and Can Be Picked Off

Get a two-ounce bottle of Moone's Emerald Oil (full strength) today. Every well-stocked druggist has this, and it will reduce the inflammation, soreness, and pain much quicker than any remedy you ever used.

Your bunions may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture and pray for quick relief. What's to be done?

Two or three applications of Moone's Emerald Oil and in fifteen minutes all the pain and soreness disappears. A few more applications at regular intervals and the swelling reduces.

And as for soft corns, a few applications each night at bed time and they just seem to shrivel right up and scale off.

Druggists guarantee Moone's Emerald Oil to end your foot troubles or money back.

E. church of this city, and has many friends here who wish him every success in his newest charge.

The Boston church greatly regretted Dr. Sterrett's transfer to St. John's and made strenuous but ineffectual efforts to have Bishop Joshua H. Jones return him immediately to that city. Dr. Sterrett delivered the commencement address at Wilberforce University, this year, at which time he was given the degree, LL. D. Editor W. Monroe Trotter of The Boston Guardian speaks very highly indeed of him as "a distinguished citizen and orator, a flaming pulpiteer, a Christian gentleman and courteous friend of everybody"; also saying Dr. Sterrett "stood shoulder to shoulder" with him "in the fight for freedom" while in Boston. Welcome to Cleveland, Dr. Sterrett! We need you and sure have missed Dr. Childers.

The ROUNDER

WHAT'S DOING!

The rules of politics (seniority) make Councilman George the leader of "The Blossom Triplets", but for weeks he has been trailing along with Payne and Bundy and getting **nowhere,** except into trouble of one kind and another. By his indorsement of the Harris candidacy, he seems to have at last started on the right road, and should **lead** the other two to **"somewhere",** a place they have not reached as yet by far.

Warren Hatcher, a fine young man and a great admirer of Councilman Payne, who had him appointed to a good position at the garbage plant, is innocently the cause of a great deal of invidious criticism being showered on **that** "Blossom Triplet" by **scores** of party workers and organization men of the race who worked **far more** and **much harder** for Payne's election than young Hatcher did. It is the same condition as existed when "The Blossom Triplets" (Councilmen George, Payne and Bundy) were supporting Ormond Forte for the **best-paying** job, when they should have been supporting **one of their leading supporters** for it. Forte, with his "chief", the then superintendent, Abe Crutch, was aligned with the Progressive Government committee which was doing its darndest to defeat "The Blossom Triplets" and others on the Republican organization slate. Some of "The Triplets' faithful" (that were) ought, long ago, to have had Forte's job, assistant superintendent at the garbage plant; and also that of Bob Reynolds, a "Hopkins" appointee of color, in the street department, the boys say.

The Fourth District (East End Political) club, of which Councilman Claybourne George is president, has indorsed Atty. George B. Harris as the Republican nominee for county prosecutor and thus at last gives evidence of the possession of a **little** political acumen, **from a local Republican organization** viewpoint. George explained thus: "The club is consistent because it backed Harris two years ago". It also indorsed Jerry R. Zmunt for county commissioner, Wm. F. Eirick for sheriff, and Perry B. Jackson, Mose H. Dixon and others for state representatives. George's stand for Harris leaves another "Blossom Triplet", Bundy, still the only one of the three openly for Atty. Arthur H. Day, and against Harris; and also against U. S. Senator Roscoe McCulloch, both local Republican organization candidates. Bundy "faw down; go boom", **as usual.**

Atty. Moses H. Dixon.

WAKEMAN COUNTRY CLUB

Is Really an Ideal Place to Spend Your Week-Ends and to Visit—Just a Nice Auto Ride and over the Best of Roads

By following Route 20, it is a **pleasant** drive to **The Wakeman Country club,** near Wakeman, Ohio, and only 48 miles from Cleveland's public square. On the large spacious club lawn, shaded by tall pine trees that scent the air with the perfume of their cones, one looks down a valley at the winding Vermillion river in all its beauty. To the right one sees hillsides studded with yellow, blue, red—all the colors of the rainbow—flowers and trees that make the scene one of beauty. To the left, tall trees that are a part of the large orchard, and several cottages that mark the level and beautiful allotment grounds. To the right are the giant willow trees, probably the largest in this section of the country, with gentle rolling slopes showing back of them and forming a picture that **thrills.** Therefore, it does not surprise when one sees a groundhog, rabbit or some other wild animal in search of food. Go to the **Wakeman Country Club** and see, for yourself, the most beautiful spot in Ohio and you will want to spend your weekends and vacations there eating honest-to-goodness country meals that are served in the convenient and comfortable hotel on the grounds.

ROADS RENDERED PUNCTURE PROOF

Three Large Magnets Patrol Missouri Highways.

Missouri motorists are being saved about $500 a day in expense and grief from punctures.

That is the state highway department's estimate of the value of three 960-pound magnets attached to a two-ton truck which patrols gravel roads of the state.

Remove Cause of Puncture.

Potential causes of punctures thus are cleared off Missouri roads in wholesale amounts. Usually a day's run, with the truck covering about 56 miles of road surface, brings an average of 112 pounds of miscellaneous metal—nails, bolts, springs, staples, tin cans and scrap iron.

On the assumption that the magnets' work prevents 1,000 punctures a day, C. P. Owens, maintenance engineer of the highway department, says the outfit means a saving of at least $500 a day to motorists, figuring each puncture's cost at 50 cents.

With one manget hanging from the rear of the truck, and two others at the sides, the truck can clean a strip of road surface from seven to eight feet wide.

Operating Apparatus.

The operating apparatus consists of a 110-volt compound wound generator equipped with panel, voltmeter, ammeter, automatic discharge switch and powered by a five horse power gasoline engine, all mounted on the truck.

Experiments have shown the magnets operate efficiently when adjusted to a height of four inches above the road surface, with the truck moving at ten or twelve miles an hour.

It is necessary to "demagnetize" every four or five miles to clear off the magnets' collection.

Speed Motorways Vision of Traffic Authority

Prediction that within the next quarter century all major centers of population will be connected via high-speed motorways, such as is now proposed to be constructed between New York and New Haven, Conn., was made recently by W. L. Hinds, traffic authority.

"The rapid motorization of entire members of the American family, which is adding many thousands of new cars on our roads every month, is making such high-speed motorways not only necessary but imperative," Mr. Hinds states. "A street or highway, like a railroad trackage system, can only carry up to a certain maximum traffic charge, and when this is exceeded, congestion, delay and oft-entimes injury result. Authorities estimate that even at the present time existing traffic congestion is costing this nation approximately $2,000,000 a year."

Pressure Reading Does Not Determine Quantity

It does not pay at any time to accept the pressure reading on the dash oil gauge as final on the amount of lubricant in the crankcase. This is particularly true in the summer.

The gauge is an efficient mechanism but it is not devised to record the amount of oil. To determine accurately, the gauge under the oil filter pipe should be read. This should not be construed as reflecting on the dash gauge. It is designed to record oil pressure not oil quantity. There is a great difference.

Reckless Driver Target of Laws in 12 States

Safety responsibility laws now in effect in 12 states are providing valuable experience in the nation's quest for the solution of the problem presented by the reckless and irresponsible driver. The law in whole or in part is now in effect in the following 12 states: New York, Rhode Island, Connecticut, California, Iowa, Maine, North Dakota, Wisconsin, Vermont, New Jersey, New Hampshire and Minnesota.

THE MOTOR QUIZ

How Many Can You Answer?

Q. What is considered the worst enemy of tires and what care should be exercised to protect them?

Ans. Hot weather and sunlight. Proper inflation will help greatly to preserve tires.

Q. What are said to be the staple colors used in the automobile field in order of their preference?

Ans. Blue, brown, gray, green and black.

Q. What are the four major causes for loss of power in an engine?

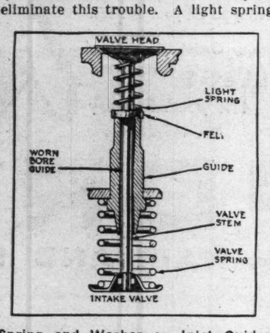
Ans. Loss of compression, improper valve timing, faulty ignition and improper carburetion.

Q. How many automobile grade crossing fatalities occurred in 1928?

Ans. According to Interstate Commerce commission figures, 2,165.

Curing Leaky Exhaust Valve Guides on Motor

The operation of a gasoline motor is not affected by leaky exhaust valve guides unless the wear is so bad that the valves do not properly seat, but leaky inlet guides cause irregular running at slow speeds and make it impossible to get the motor to idle smoothly. The illustration shows a way to eliminate this trouble. A light spring



Spring and Washer on Inlet Guides Stop Leaks.

is fitted over the valve stem and a felt or leather washer is fitted on the stem with a hole that will just allow the valve stem to slide.

It is a good idea to place a thin metal washer between the spring and the felt, although this washer is not shown in the illustration. The light spring will keep the washer pressing against the top of the guide and prevent air leakage and the consequent spoiling of the mixture. This suggestion should prove useful on old cars where the expense of new valve guides is not justified.—Popular Science Monthly.

ALL WHITE FOR ACCESSORIES OR ELSE POLKA DOT, SAYS FASHION

APROPOS of the new gloves, the hat, the pocketbook, the shoes to complete the summer ensemble, white is the word written across the style horizon in letters big and bold. And forget not the boutonniere of white violets!

Navy touched with white, black touched with white, is the way the style message from Paris reads, which being interpreted means that with the navy frock printed or plain, and same applies to black, the most stylish are wearing frills and furbelows of white organdie at neckline and sleeveline, white organdie on the black or navy chapeau, else an all-white hat carrying white pocketbooks, donning white gauntlet gloves and treading summer's "pathway of roses" in white footwear. And now for the finishing touch—a boutonniere of white violets or else a snowy gardenia or two, if not a cluster of lilies-of-the-valley posed "just so" on lapel or shoulder or used as a fastening for the white collar.

Likewise, if the frock or suit, ensemble or coat be pure white instead of black, navy or print, the same applies as to accessories—also white!

Quite often fashion varies the program by featuring polka-dotted accessories. Even pocketbooks and shoes have gone polka dot this season, not to mention hat bands, scarfs and the like.

And have you added a pair of linen shoes to your booterie wardrobe? A new medium for footwear is linen, one which is the fad of the hour. Sports types as well as dressiest modes reflect this craze for linen. Evening slippers of linen are "saying it" with touches of dainty embroidery done in lovely colors. The linen is often processed with a lacquer, then again the linen pure and simple is featured.

For sports natural colored linen shoes embroidered in polka dots are shown with pocketbooks to match.

Paris is sending over some fascinating "sets" which include in addition to the pocketbook and hat, the cunningest of belts, the entire of gay embroidered linen. The idea is to wear these enlivening items with the white suit or frock, giving it that touch of color which is considered so exceedingly smart for this summer.

A very much featured color note in the French capital is the use of brown with white for accessories. White kid shoes trimmed with brown kid are worn with many sports costumes. White or natural colored straw hats are embroidered in brown polka dots. Brown straws have flanges of white organdie, the same to be worn with brown pique, linen or shantung three-piece ensembles, the blouse perhaps being of dotted swiss, brown on white.

FLAIR FOR FABRIC-TRIMMED STRAWS REGISTERS IN MILLINERY REALM

IT IS just too clever for words the way milliners are working the fabric of the dress into the making of the hat for summer. Now that the idea is launched, there seems no limit to its expression.

Whatsoever the material for the frock, be it silk, cotton, wool or linen, dotted swiss, tweed, embroidered batiste or merely humble calico, like dress like hat is the latest message flashed from fashionland.

Not that the hat has necessarily to be of the dress goods entire. Of course it may be, but could fabric trimmed straws talk they would loudly declare that the all-fabric hat is no "smarter than we be" and really not quite so new.

The group pictured gives an idea of some of the "doings" of smart fabric-trimmed straws. There is, per example, the wide-brimmed model centered in the illustration. It is a medium blue ballibunti straw, its brim widened with a flange of pale pink organdie machine-stitched row and row. The hat is worn high on the forehead to achieve the new line.

When it comes to the truth of the matter, there are more organdie trimmed straws than any others—especially white or pastel organdie on black or navy straw. The fad as now is calls for white organdie on the hat, white organdie neckwear, boutonniere of white violets, white gloves, white shoes—touches up the navy or black costume to perfection.

Linen comes in as close second to organdie as a trimming for the straw hat. Black linen borders the large natural colored exotic straw worn by the young girl, first in the picture. Hats made all of linen in any color or black or white are also featured. For these the crowns are frequently of embroidered linen, either flower-patterned or polka-dotted, the brims being of the monotone linen usually allover stitched in rows.

The model at the top to the right bespeaks that which is ultra chic, youthful and flattering—the straw crown with an off-the-face draped brim of white or tinted organdie matching the organdie frill about the neck.

The last hat is one of the popular bonnet shapes. White felt trims this black baku straw. It is a French model, Paris modistes continuing to exploit black and white with utmost enthusiasm.

LUSCIOUS "GUM DROPS"!

"The Blossom Triplets", Councilmen George, Payne and Bundy, **pledged the people,** last fall during the campaign, that they would see to it that the Woodland Hill bathhouse and pool were enjoyed also by **our** people, of that part of the city particularly, but **have done absolutely nothing** to date to bring this about. The same thing is true in the case of the miserable Central Ave. streetcar line. They **promised better service** on that line and **have done nothing.** Possibly this and other failures to keep pledges made to constituents, last fall, when they were begging for votes, is explained in the following clipping from a recent issue of The Cleveland Daily Plain Dealer:

"The three colored councilmen are definitely aligned against Maschke in the Eleventh Ward control fight and are openly backing Day in the primary fight against Harris. They maintain they are not antagonistic to Maschke or the Republican organization, but they insist that Maschke must keep his hands off the colored wards and that the decision as to how the votes in those wards shall be cast shall be made by the voters themselves and not in the National City Building."

The foregoing is a **rotten** reflection and **undeserved!** It is pretty generally understood that it was given to The Plain Dealer's political writer by Payne or Bundy, or both, with the help no doubt of Councilman George.

They are so very, **very** busy telling Mr. Maurice Maschke and the Republican organization what to do these days, and **how** to do it that they have lost sight and memory of all the **many promises and pledges** they made their constituents, last fall, when down on their haunches begging for votes with which to be elected members of the Cleveland City Council. This same is true of their entirely too numerous promises of jobs and positions, practically all of which they have failed to keep. **"Arousmit"** ("fire") "The Blossom Triplets"! **Scat!**

At the recent Republican Ward Leaders' Association meeting at Hotel Winton, twenty-seven of them voted for the George B. Harris (Maschke) candidacy, and sixteen of them for the Arthur H. Day candidacy, for the Republican nomination for County Prosecutor. One ward leader ducked; that is, failed to vote for either Harris or Day. Immediately afterward the forty-four ward leaders voted **unanimously** to support the Harris candidacy. This was promptly published in the daily newspapers which have uniformly **refused** ever since to recognize the **unanimous** vote and endorsement of the Harris candidacy. But George Heimberger, secretary of the Ward-Leaders' Association, covered the ground beautifully, when he said that the unanimous vote meant that the ward leaders would be united in their support of the Harris candidacy and that there would be no split in the organization. This of course puts Bundy and the 17th Ward Republican club endorsement of the Day candidacy very much "without the breastworks." This same thing is true of the so-called "Colored League of Republican clubs of Cuyahoga County" which at President Bundy's request, in a resolution, declared **against** the re-election of U. S. Senator Roscoe C. McCulloch, the local Republican organization's candidate. Councilman Bundy's other **blunders, mistakes,** etc., since the first of the year, are entirely **too numerous** to be chronicled at this time but will be referred to from time to time, later this year and next in the fall-time, when all three of "The Blossom Triplets" will be taken for a "political ride." **Selah!**

Monday evening at the Western Reserve club, the "Jackson for State Representative Campaign Committee" of two years ago was re-organized, and very properly started out immediately to put over the renomination of Hon. Perry B. Jackson, our only member of the Ohio State Assembly. Atty. Hazel Mountain-Walker was re-elected chairman, of course, and there was a long list of announced speakers which included the Hon. Maurice Maschke, Chairman A. J. Hirstius, Hon. Harry C. Smith, Hon. Harry E. Davis, Atty. Alex. Bernstein, Councilman Herman H. Finkle, Atty. Louise J. Pridgeon, Mayor Arthur R. Johnston, "Col." Sidney B. Thompson, Mrs. Mary B. Martin, former Councilman Thos. Fleming and wife, Mrs. Lethia C. C. Fleming, and others, all boosters, and the battle started off with a boom. Atty. Moses H. Dixon, our only other candidate for representative, was there in all his pristine glory. Mose is some talker, too. And there is no reason why we shouldn't have two representatives, members of the next Lower House of the state legislature since we are not to be represented in the upper house, the State Senate. J. Walter Wills' candidacy **doesn't mean a thing,** for several reasons, two of which are: He has never served a day in the lower house, the stepping-stone to the upper; and that "Blossom Triplet," Bundy, put him up to "buck the Republican organization" so he stated at a meeting of his so-called county league, some weeks ago. Mose is strong for Perry, and Perry is strong for Mose. "Dah now"!

OHIO'S PIONEER MOB VIOLENCE ACT.

June 27, 1930.

To the Editor of The News, The Press and The Plain Dealer: Dear Sirs:—I notice in your paper of June 27, '30, that our County Prosecutor's office has "broken out" again in criticism of the most effective anti-mob violence legislation in this country and in a very weak effort to "play to the gallery" with its work against suits filed against this county as the result of injury sustained by persons at the hands of members of local mobs.

Just how "antiquated" the Ohio Mob Violence Act or Anti-Lynching Law is can **best** be understood when it is recalled that nearly every governor of a state in this union, who has recommended legislation against mob violence and lynching, has incorporated in his recommendation **the principle upon which the Ohio Law is built.** Illinois, Pennsylvania, New Jersey, Kentucky and several other northern states **have laws that are duplicates of the Ohio Mob Violence Act.** This same thing is true of every anti-lynching bill introduced in the U. S. Congress in the last fifteen years, and includes the Dyer bill, now pending.

If Christ Lexa will carry his case against this county to the Ohio Supreme ccourt, the County Prosecutor's office will get a rude shock when it learns that the Common Pleas court judgment of $750 in his case is upheld.

Nearly all of the anti-mob or anti-lynching legislation in this country enacted by the various state assemblies, is based upon the pioneer Ohio Mob Violence Act or Anti-Lynching Law.

TURNED DOWN FLAT

BY REPUBLICANS, NORTH AND SOUTH, IN PATRONAGE AND LEGISLATION.

The Federal Service Endorsing What Judge Parker Said—Tammany Hall—U. S. Senators and Governors Warned—Very Interesting.

(Special to **The Gazette**)

Jersey City, N. J.—The N. A. A. C. P. led in the fight to prevent the confirmation, as an associate justice of the U. S. Supreme Court, of Judge John J. Parker of North Carolina because he had expressed himself as opposed to the Negroes of North Carolina having anything to do with politics. The association did a good job but its work has just begun, if it would eliminate from responsible judicial and governmental positions white men who feel as did Judge Parker but are too cowardly to express it. There seems to be a nation-wide attitude expressing itself by preventing our people from holding any appointive positions of trust and honor. **The federal service has all but put into practice what Judge Parker said.** Governors of states, Republican and Democratic, have refrained from appointing colored persons to state positions. The Negro vote that was disfranchised in the South, by keeping them from the ballot-box through intimidation and slaughter, has come into the North and East but this same vote is disfranchised from holding office **even though it votes regularly.** This situation is up to our voters in states where they vote.

Tammany Hall is an exception to this rule of preventing Negroes from holding lucrative offices. It has taken the Georgia, Alabama and Mississippi vote that has migrated to New York and has in local and state matters made Democrats of them. **The Republican party is at present the white man's party of the North.** The Negro vote added to the northern Democratic vote of white men can make the North Democratic. **Will the Negro do it?** By political birth, Negroes are Republicans and it is with difficulty that he is pried loose from the party of his birth. The process of prying him loose has begun. Republican U. S. senators should watch well their step, for they can keep the Negro Republican or make him Democratic. Every Republican senator should take into serious consideration the numerical strength of his colored constituency. In the division of patronage, among his constituency, he should give the colored portion **what belongs to it.** His willingness to do this will force any President of his party to act upon his recommendation when this is a policy of the party.

Republican governors of states, like Ohio, Illinois, Indiana, New Jersey, Delaware, West Virginia, Missouri and Massachusetts, should ponder well their attitude toward our vote in dispensing patronage. Back of the unwillingness, to give the colored man important positions of trust, lies the **snobbish** racial policy that a colored man should hold no position which places a white person where he is to serve under him. This doctrine is as **damnable** as the Parker position. This position grows stronger in proportion as our vote becomes more intelligent. It is **folly** to expect manly colored people to accept this policy.

The colored voter is in a strait betwixt two. Southern Democrats control the Democratic party and they are the **arch enemies** of the colored voter. On the other hand, the Democratic Negro policy and sentiment have invaded the Republican party and has practically become its policy. Shall the Negro go into the camp of his enemies and strive to make new friends or shall he fight it out inside of his party and force recognition?

This congressional election will feel the Negro's reaction in one way or the other. At any rate colored brother, **deliver yourself by using your head, and vote!**

Chocolate Kayoed Burrone.

Buffalo, N. Y.—Kid Chocolate knocked out Vic Burrone of New York City in the third round of a 10-round bout, last week Thursday night. Burrone was down three times in the third. "The Keed" is the Afro-Cuban "whirlwind" who has never lost a "battle" and has won about 100.

Chocolate "Kayoed" At Last.

New York City.—Pretty Rosario Mora, Afro-Cuban beauty, was the horseshoe that Cupid stuck in his glove to knock Kid Chocolate for the count of ten in the ring of love. Her engagement to the de luxe uncrowned and unconquered warrior of the feather-weight division was announced this week.

A Godfrey Testimonial.

Speaking of the Godfrey-Frankie Simms bout at Taylor bowl, last week Tuesday night, the chief sport-writer f the Cleveland News said that "Godfrey can give Cleveland's greatest puncher (Johnnie Risko) cards and spades in the art of landing telling blows". No doubt of it, because when Godfrey and Risko met in the ring, many months ago, the former all-but ruined the latter as a pugilist.

Our First Nite Game.

A great crowd gathered at Hooper's field, Wednesday evening, to see the first nite game of baseball to be played in this city. Almost daylight was made by the flood-lights, carried on five large trucks, owned by the Kansas City Monarchs who contested the game with the Homestead Grays. It was a wonderful sight which Lem R. Williams is entitled to a great deal of credit for furnishing Cleveland. It was prime indication of the possession of enterprise on his part. The Monarchs are champions of our National League, with the Homestead Grays "runners-up." Six thousand people saw the Grays win the game. Score, 5 to 3. A three-run rally in the eighth inning settled it.
